Does she already have PR Notice 94-7? If not, you can send her that as that's likely what she really was supposed to get,

Good Morning Kate

I am not able to confirm whether a PR Notice 84-7 was ever issued. I did receive confirmation that were it to exist, it would have nothing to do with rodenticide bait stations. Depending on the level of certainty you and your client require, you may consider adding that to the FOIA request. That way the FOIA office will can put in writing "...PR Notice cannot be provided because..." or "here you go..."

Please find attached PR Notice 83-5.

Good morning Rusty!

To confirm: there was no notice 84-7 ever released? Please let us know. We will await the notice 83-5 along with your confirmation, and pursue the remaining items by FOIA submission. Thank you!
